FISCAL IMPACT OF ORIGINAL BILL:

(CORRECTED)

Increase Local Govt. Revenues – Exceeds

\$16,000,000/Permissive

Increase Local Govt. Expenditures – Not Significant/Permissive

Other Fiscal Impact – There will be a shift in the way current revenues are earmarked. Prior to the adoption by the Metropolitan Council of the ordinance authorized by the bill, current revenues of \$20,000,000 will be allocated as follows:

1/3 for the promotion of tourism – approximately \$6,667,000

1/3 for the convention center replacement fund– approximately
\$6,667,000

1/3 to the general fund – approximately \$6,667,000

Following the adoption of a local ordinance authorizing an additional 1% increase in the hotel/motel tax, the bill provides two conflicting scenarios as to the apportionment of the total projected revenues of \$24,000,000. Under the scenario provided by the amended version of T.C.A. §7-4-110(b) in section one of the bill, all of the proceeds of the tax

SB 1116 – HB 1809

(including the additional 1%) authorized pursuant to Title 7 Chapter 4 (hotel/motel tax) will be apportioned as follows:

- 1/3 for the promotion of tourism – approximately \$8,000,000
- 1/2 for the construction of a convention center – approximately \$12,000,000
- 1/6 to the general fund – approximately \$4,000,000

Under the scenario provided by the amended version of T.C.A. §7-4-102(b)(2) found in section three of the bill, following the adoption of the additional 1% tax, the entire additional 1% increase would be dedicated to the “Convention Center Fund” and the existing tax revenues would be apportioned to tourism, the convention center and the general fund. The entire apportionment under the provisions of this section would be:

The entire amount of the 1% tax increase would go to the
“Convention Center Fund” – approximately \$4,000,000

The \$20,000,000 currently collected would be apportioned:

- 1/3 for the promotion of tourism – approximately \$6,667,000
- 1/2 for the construction of a convention center – approximately \$10,000,000
- 1/6 to the general fund - \$3,333,333

FISCAL IMPACT OF BILL WITH PROPOSED AMENDMENT:

Increase Local Govt. Revenues – Exceeds \$15,800,000/Permissive
Increase Local Govt. Expenditures – Not Significant/Permissive

Other Fiscal Impact – There will be a shift in the way a portion of current revenues are earmarked. Following the adoption of a local ordinance authorizing an additional 1% increase in the hotel/motel tax, the apportionment of 4% of the existing 5% tax and the 1% increase will be as follows:

- 1/3 for the promotion of tourism – approximately \$6,667,000**
- 1/3 for the construction of a convention center – approximately \$6,667,000**
- 1/6 for tourist related activities including a convention center - approximately \$3,334,000**
- 1/6 for the general fund – approximately \$3,334,000**

Assumptions applied to amendments:

- Davidson County hotel/motel tax collections are approximately \$20,000,000 annually.
- Currently, a 5% hotel/motel tax in Davidson County.
- An increase in local government expenditures due to the administrative cost of implementing the provisions of the bill. Such increase is estimated to be not significant.
- No fiscal impact to the county for the authorizing actions required by the Metropolitan Council.
- At least 5,450,000 taxable room rentals annually in Davidson County.
- Taxable rentals of \$70,000,000 for passenger motor vehicles, trucks or trailers. Davidson County would receive approximately \$500,000 due to the implementation of this tax.
- At least 200,000 qualifying vehicles exit the metropolitan airport annually.
- Any increases in local government expenditures for Davidson County to comply with the non-discrimination elements of the bill are estimated to be not significant.
